DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

Claim 55 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Regarding claim 55, the claim fails to further limit the parent claim and instead changes/alters the scope of the claim. For example, the scope of the parent claim 54 is drawn to a joinery member; claim 55 appears to be drawn to a screw. Further, the lack of any transitional phrase regarding claim 55 renders the claim vague and indefinite, therefore prohibiting a clear understanding of the scope and protection desired.

Allowable Subject Matter

Claims 1-22, 30-32 and 51-54 allowed.

Response to Arguments

Applicant's arguments, filed October 15, 2004, with respect to the prior art reference Durney have been fully considered and are persuasive. Accordingly, the rejections with regard to prior art reference, Durney have been withdrawn.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
